

Taurus: Serene Strength

Original “slow art” by Kristen Palana

This artwork is designed to bring you **grounded strength, patience, and a steady connection to the earth.**

This image is part of a zodiac series, where each piece was hand-drawn during its sun sign's season. Every image blends symbols and patterns from each inhabited continent, offering a visual meditation on the universal traits we share across cultures.

At the center, a bull rendered in Spanish mosaic style from Europe embodies Taurus' steadfast nature, framed by an Aztec pattern from South America and Navajo pottery designs from North America. In the background, a silver fern from Oceania speaks to resilience, bamboo from Asia to flexibility, and an acacia tree from Africa to endurance.

Suggested Placement:

A bedroom, home office, or any space where you want to feel steady, grounded, and sure of your own pace.

This piece is a tool for grounding. Whether used during meditation or simply kept in view, it encourages **patience, reliability, and endurance.**
